

David R. Harris

Although not at present a resident of Gaylord, nearly every man, woman and child in Otsego County knows "Dave" Harris, who has been more or less in the forefront of affairs in this county for these many years.

"Dave" was prominent in political affairs when Bryanism ran rampant throughout the country, and right valiantly did he work for its success, but his work went for naught. However, no matter where he is or what his occupation, hosts of Otsego County friends wish him success and long life.
