

### **Mrs. S. M. Jameson, Millinery**

The milliner's art appeals with great fascination to the feminine mind. Gaylord has in the millinery store of Mrs. S. M. Jameson one of the most up-to-date establishments to be found in any town. Mrs. Jameson is highly artistic in this line and employs a force of superior helpers, with the result that all work turned out is a vision of loveliness and absolutely correct. The large patronage enjoyed by this store is evidenced of its high class superiority, and the ladies of Gaylord and vicinity are to be congratulated upon having such a model institution in their midst from which to select millinery.
