

## **W. J. PUBLOW, Home of Hand Made Harness and Fine Horse Goods**

W. J. Publow first came to Gaylord about twenty years ago. He is a Canadian by birth and was born in the Town of Perth, County of Lanark, Ont. At the age of 14 he was apprenticed to the harness makers' trade and at the expiration of his time came directly to Gaylord. At that time harness making in Gaylord was not a very profitable occupation, so he went to Waters and was foreman of a planing mill there for 14 years.

Mr. Publow started in business at his present stand some three years ago. Since then by superior workmanship and honest goods he has won for himself a large trade. Goods turned out by him are guaranteed and have a state wide reputation for durability and wearing qualities. In his store can be found everything in the harness line and also all the necessary accessories, such as buckles, snaps, whips, fly nets, lap robes and dusters. Repair work is done in a neat and expeditious manner. Mr. Publow occupies his own building as sales and work room and has living rooms in the second story.

Mr. Publow is a member of the local K.P. Lodge and also a Maccabees.
