

Charles H. Welch, Clerk

Charles H. Welch, our affable and polite County Clerk, the obliging man who issues the marriage licenses and keeps tab on the babies and a whole lot of other important data, and who by the way is serving his third term, is all right and makes a model clerk; and some day may have a family all of his own, but as yet has never developed tender passion. Charles was raised on a farm with his parents in Charlton township, and likes to fish for trout in season and chase the nimble deer.
