

A golden anniversary for a mainstay of community

The Gaylord / Otsego County Chamber of Commerce celebrates its 50th anniversary in 1990 — an event that follows countless hours of cooperative hard work, volunteerism and the greatest growth period in the community's history.

The Herald Times, through the generous support of page sponsors, is proud to present a sampling of the chamber's history in this special booklet.

Staff writers Chris Jenkins, Dan Heaton and

Dennis Powell wrote articles; and old photos from the chamber office (many taken by early chamber manager Pete Murdick) helped make this commemorative edition possible.
