

C.I. Robinson: consultation

GAYLORD — With a growing number of clients from private and governmental sectors, C.I. Robinson Associates, Inc. performs various consulting engineering and land surveying services.

Gaylord offices under the name of C.I. Robinson and Associates were opened by Carl I. Robinson in 1972. The following year, C.I. Robinson - McKelvey company was established.

The company has since changed its name to C.I. Robinson Associates, and is located at 1665 M-32 West.

The firm uses advanced techniques and equipment in its services. It is completely equipped to perform surveys to Second

Order Class I specifications.

A major policy of the firm to provide professional services while controlling growth, assuring each project is personally supervised by a principal of the company.

A graduate of Lawrence Institute of Technology, Carl Robinson is a Registered Professional Engineer and a Registered Land Surveyor.

Howard C. Walker, a graduate of Michigan Technological University with a degree in forestry and a land surveying option, and Pam Steinbrecher, an accounting and business management graduate of Michigan State University, are included as associates of the firm.

Mason first gravel processor

GAYLORD — Established in 1946 as the first processors of sand and gravel in Otsego County, Mason Excavating today provides any types of excavation services.

Mason Excavating began as a father-son business operated by Hugh and Henry Mason.

In 1965, Henry Mason became owner-

manager of the firm.

The business provides all types of excavating in the county — including sand and gravel hauling and excavation and topsoil recovery and delivery — but specializes in processing of washed stone.

Mason Excavating employs 14 persons and has 17 pieces of equipment.

Full color at Thrifty Print

GAYLORD — Thrifty Print of Gaylord offers a full line of printing services, including full color brochure materials.

John Webster established Thrifty Print in March of 1978.

Later that year, he moved the operation to its current location at 121 E. Main Street.

Webster brings 40 years of experience in the printing business — including three years as plant manager of Central Printing Corp. in Gaylord — to the Thrifty Print operation.

North Central: steel buildings

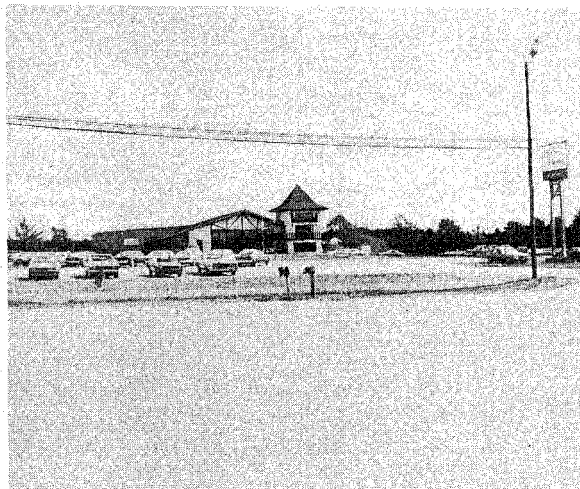

GAYLORD — North Central Construction has served the growing commercial and industrial construction needs of Gaylord and Otsego County since 1977.

Owned and managed by Jack Card, the contracting firm specializes in construction of steel buildings for business and industry.

The firm has also worked closely with oil and gas companies in northern Michigan.

North Central Construction has recently expanded services to include design work.

The firm is located at 1489 O'Rourke in the Gaylord Air Industrial Park.
